Help us support people living with scoliosis

Your donation helps brighten the smiles of scoliosis patients who need funds for emergency medical procedures.

Donate now | Other ways to give

Why your support matters

We are Nashley and Nadia Adams, identical twin sisters who were diagnosed with scoliosis ourselves. We started this non-profit to support patients and spread more awareness, so no one feels alone.

Awareness

Helps us keep raising awareness of scoliosis, including during National Scoliosis Awareness month in June.

Patient support

Helps us make and hand out “gifts of hope” bags, so patients know they are not alone.

Medical costs

Goes toward the fundraising needed for patients’ emergency medical procedures.

Ways to give

Pay by card

Quick and secure online payment.

Our goal

We are raising funds for emergency operations and our “gifts of hope” bags. Every contribution brings us one step closer to our target.

[Amount raised] of [Goal amount]

“Your scoliosis does not define you, your strength and courage does.”

Your generosity goes a long way toward our goal. We started this because we were diagnosed with scoliosis ourselves. Nashley & Nadia, Directors
